

A new range launched in 2012. This is a budget range, designed to accommodate the most basic floor covering requirements.

Available in 16 colours, Marquee Cord is a rolls only product - cuts are not available.

Marquee Cord is stocked in rolls of 60m x 4m wide.

The fibre content is a blend of polyester and polypropylene, which unfortunately renders the carpet non-recyclable.

*** DISCLAIMER -** Due to a blend of polyester fibres, Reeds Carpets cannot guarantee color/shade matching. Variations may occur throughout the roll.
